

Introducing the 15 Series ice and water dispenser

Follett® offers a new stylish, compact model
with twice the ice storage capacity as the 7 Series

New 15 Series

15 pound storage capacity

Two models – 22.5" H countertop, 47" H freestanding

Same great benefits as the 7 Series

Compact – small footprint to conserve counter space

Drainless – no drain required, place it anywhere

Sanitary – capacitive touch dispense eliminates direct contact with ice

Efficient – lowest energy and water consumption of similar sized ice machines

Attractive – complements any work space

Antimicrobial – Agion® antimicrobial treatment minimizes bacteria and biofilm growth on treated surfaces

Refreshing – consumer-preferred Chewblet® ice and optional water filtration provide high quality refreshment

Follett and Chewblet are registered trademarks of Follett Corporation, registered in the US.
Agion is a registered trademark of Agion Technologies, Inc., Wakefield, MA, USA.
