

7

Reasons to choose Follett® for ice.

- 1. Compact**
Only 17.5" (445 mm) tall to fit on counters under cabinets
- 2. Drainless**
NO DRAIN REQUIRED – Place it anywhere
- 3. Sanitary**
Hands-free ice dispensing minimizes cross contamination by eliminating scooping
- 4. Efficient**
Lowest energy and water consumption of similar sized icemakers
- 5. Attractive**
Stylish design complements any work space
- 6. Antimicrobial**
Agion® antimicrobial treatment of critical components minimizes bacteria and biofilm growth
- 7. Refreshing**
Consumer-preferred Chewblet® ice and optional water filtration provide high quality refreshment

Follett's **7 Series** dispensers come in countertop, freestanding, undercounter, and undercounter ADA models to meet any design application serving up to 25 people.
